

2010 Honeywell/CAE Flight Management System (FMS) and Weather Radar Seminars

With worldwide growth in aerospace and the demand for in-region training, the Honeywell-CAE Training Alliance offers customers the same high-quality training experience around the world through CAE's global network of training centers. This alliance provides a variety of training focused on integrated technology and real-world pilot applications.

NOTE: The Weather Radar seminar is valid for all aircraft makes/models.

Below are the aircraft applicable to each FMS seminar:

FMZ/NZ2000 is for Candair Challenger 601-3A/3R, Falcon 900 B/C/EX, Gulfstream IV/IV-SP/V, Hawker 800XP, Cessna Citation X, Ultra, Bravo & Excel, Bombardier Global Express/XRS/5000, and Embraer 145/135/Legacy

Epic is for Agusta AB139, Gulfstream PlaneView-equipped aircraft (350/450/500/550), Cessna Citation Sovereign, Hawker H4000 & Embraer Lineage

EASy is for Dassault Falcon 2000DX/LX, 900DX/EX/LX EASy & Falcon F7X

Honeywell FMS Seminar Overview

This FMS seminar is designed for pilots who want to maximize the use of their Honeywell Flight Management System, however, maintenance technicians are also welcome to attend. Advanced FMS functions, VNAV, upcoming hardware/software releases will be discussed as well as some useful tips for operation and common errors.

Weather Radar Seminar Overview:

The Weather Radar seminar is designed to provide pilots with practical information about how to correctly use radar. Understanding the radar's capability will provide pilots with the information they need to use the radar in the real world. The basic underlying principles apply to ***all manufacturers radar systems and aircraft types.***

Participants must register for the seminars by contacting Naomi Lacy at +1-972-456-8386 or e-mail nlacy@cae.com. The cost for operators is \$500 US/person for the FMS class, \$300 US/person for the Weather Radar class or \$600 for both days. Price includes refreshments and training materials. Class fee does not include lodging or transportation. See the CAE website for local hotel information and directions.
